[Ebook Download] Seasons Change

How Do Seasons Change? The change in seasons is caused by the varying angle of the Earth's tilt from one part of the year to another. A common misconception is that the change in seasons is due to the Earth's slightly elliptical orbit bringing the planet closer to the sun in summer, but, as About.com notes, seasons are different in the northern hemisphere and the southern, which are the same distance from the sun.

A. Weather or Not, Seasons Change is primarily a science unit, that also incorporates language arts and art disciplines from the kindergarten sequence. This unit introduces students to a wide variety of weather concepts and relates those concepts to the four seasons. Lessons are to be taught during the appropriate season throughout the year. Therefore, this unit can easily become a part of the ...
