

### **the younger evangelicals pdf**

Webber looks at different phases of evangelical Christianity from the 1900s to the present. His argument is that younger evangelicals, coming of age in the 2000s, are very different even than seeker-sensitive (i.e. pragmatic) evangelicals of 1975-2000. Very good read for young Christians, or people who work with young Christians.
